REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the present invention relates to a CAM device. The independent claims 55 and 83 recite a CAM device comprising a CAM array block having at least one row that comprises a plurality of CAM cells and a dual-function check bit cell pair that is configurable as a CAM cell when necessary to account for a defective CAM cell in the at least one row. The PRIOR ART fails to disclose or suggest such a CAM device having a dual-function check bit cell pair that is configurable as a CAM cell when necessary to account for a defective CAM cell in the at least one row such as described in the independent claims 55 and 83. Thus, claims 55-60 and 77-84 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vu A. Le whose telephone number is (571) 272-1871. The examiner can normally be reached on M-F (7:00-3:30).
